

Crew Operator

Columbus, OH

Position Summary:

Edko, LLC is seeking candidates with experience in vegetation management or a related field. A background in forestry, arboriculture or a related field is beneficial but not required. Personnel are expected to perform herbicide applications along right-of-ways and road sides. Operators will plan, direct, and coordinate application efforts, and interface with other personnel and customers.

Requirements:

- Excellent communication skills
- Ability to work in inclement weather
- Ability to interpret and follow maps
- Ability to use a laptop and handheld computers
- Valid Driver License with a clean driving record is required
- The ability to work independently for long hours and out of town with extended overnight travel
- Vegetation management experience, tree knowledge and ID skills a Plus

Information:

- Seasonal positions that could become permanent
- Edko, LLC offers competitive wages and excellent benefits
- Company Vehicle/Gas Card supplied for work related purposes
- Meals and lodging are covered by company while traveling out of town
- Pre-employment drug screen and background check required

Apply through the Columbus location.
